Hidden products stay in this list (see the Hidden filter) but are removed from the storefront & search — use **Unhide** to bring one back. **Reset** reverts a seed product to its original values; **Delete** permanently removes a custom product. Demo edits are saved on this device; in prod they map to the Supabase catalog & inventory tables and reflect on the live storefront.

Load sample activity

Clear log

"Load sample activity" is a demo-only tool: it seeds realistic browsing, cart, order and admin events (spanning ~9 days) using the same functions the real app uses, so the resulting orders also appear in Orders/Packing/Reports/Dashboard.
